Working with your Forum expert

The Forum expert is the key, senior-level strategic resource who assists chapter Forum chairs and fosters Forum health. They are essential in communicating vital information between members and the EO Board of Directors. Your Forum expert will use the cornerstones of Forum (sharing experiences, personal responsibility, Forum mindset leadership) while working with chapter Forum chairs. By sharing experiences instead of giving advice, the Forum expert will help the Forum chairs work through chapter challenges in much the same way that Forum mates help each other work through issues presented in a Forum meeting.
