MGSCC

Strengthen Your Leadership Skills Through Coaching

Do you find coaching leaders challenging?

- Are your managers showing negative behaviors?
- Are you tired of micromanaging your team?
- Are you struggling to find the right second-in-command?

Although your employees are doing their jobs well, this does not mean that they are ready to be effective leaders for your company. Help your team succeed by equipping yourself with the necessary leadership skills and training through coaching. Leadership coaching helps foster trust and cohesion within your team by helping them grow in key behavioral areas that enable them to improve both their professional and personal lives. This allows you to empower your executive team by delegating more responsibilities and letting them step into a more prominent leadership role within the company.

Stakeholder Centered Coaching helps you achieve this, and more.

With MGSCC you will:

- Learn It: 12 hrs of e-learning material
- Earn It: 7 x 90 minute zoom training sessions with coaches from around the world (2 months)
- Live It: Put the skills into action in your life for 6 months and get feedback from the MGSCC team

EO members receives a 50% discount which is a US$2,000 price for the above content.
